SPEAK OF THE RESULT

Democratic State Committee Has Issued a Statement.

ODELL'S PLURALITY

They Are of the Opinion That it Will Be Materially Reduced, Claim Illegal Ballots Were Cast and Claim Frauds.

New York, Nov. 7.—Chairman Frank Campbell of the Democratic state committee, Secretary John A. Mason and Elliott Danforth were in conference here Thursday evening. Mr. Campbell, after the consultation was over, issued the following statement of the position of the state committee upon the results of the election:

"After having carefully examined the returns gathered by John A. Mason, secretary of the Democratic state committee, as filed in the several county clerks' offices in the different counties of the state, it appears on the face of the returns that Mr. Odell has a plurality of 9122. These figures do not include, in some of the counties, the votes cast by the Greater New York Democracy ticket, which has on it the name of Bird S. Coler for governor. These will materially reduce this apparent plurality.

"We claim the election, by a safe majority, of John Cuneen as attorney general and the re-election of John Clinton Gray of the court of appeals.

"We have reliable information that defective ballots were cast, and in certain districts where the returns were strongly Republican the ballots were burned by the inspectors immediately after they were counted, which is a direct violation of the law, as they should be kept six months by the proper officials before they should be destroyed. These facts and all others will be thoroughly investigated by representatives of the party, who will appear before the canvassing boards in all the counties of the state on next Tuesday to see that an honest count is had, and until that time the actual result cannot be stated."

Mr. Campbell would add nothing to the above statement. The dismantling of the state headquarters followed soon after the issuance of the statement.

COLER'S THANKS.

Tammany Hall's Leader the Recipient of a Letter That Gentleman.

New York, Nov. 7.—Bird S. Coler, the recent Democratic candidate for governor, has sent a letter of thanks to Charles F. Murphy, leader of Tammany Hall. The letter follows:

My Dear Sir—Accept my sincere thanks for the effort put forth by the Tammany Hall organizations and for the splendid results achieved. I shall always feel that the interests of the party are fully protected in the hands of an organization that is at the present time keeping in such close touch with the needs of the community and its varied interests.

Again thanking and congratulating you upon the magnificence of the triumph achieved last Tuesday, I remain, very respectfully, BIRD S. COLER.

LONE STAR RETURNS.

The Poll Tax Amendment Is Over Two to One Ahead.

Austin, Nov. 7.—Twenty-five counties report on the race for governor. These returns show a total of 28,188 for Lanham, 7040 for Burkitt, 1212 for Mallett, 294 for Carroll, 49 for Freeman and 25 for Royal.

Only in the Thirteenth and Sixteenth districts has a sufficient number of counties reported complete returns to justify the printing of a table. The counties so reporting in the Thirteenth show a total of 1590 votes for Stephens and 94 for Rector, while those in the Sixteenth give a total of 5038 for Smith and 419 for Hunt.

The vote on the amendment as far as heard from is: For, 11,465; against, \$171.

Honduras' New President.

Washington, Nov. 7.—Minister Hunter at Guatemala has notified the state department by cable that Manuel Corriella was elected president of Honduras on the 28th ultimo.

Fatal Hemorrhage of the Lungs.

Dallas, Nov. 7.—James Bradley, an employee of the city for many years, had a hemorrhage of the lungs while standing on a street corner. Death ensued in a few minutes.

Death of Colonel Hunter.

Fort Worth, Nov. 7.—Robert D. Hunter, 69 years old, is dead. He founded Texas and Pacific Coal company. He was prominent formerly as a stockman. He will be buried at St. Louis.

Deaths by Dynamite.

St. Louis, Nov. 7.—It is reported that a passenger train on the Colorado road, part of the Rock Island system, ran into a car of dynamite near Union, Mo., causing an explosion that wrecked the train, killed two persons and injured several others.

LUDINGTON'S VIEWS.

Quartermaster General Has Much to Say Regarding Retention of Transports. Washington, Nov. 7.—In the annual report of General Ludington, quartermaster general, the most interesting feature is what he has to say regarding the transports. He says the ships are fitted up in the best possible shape for transportation of troops, and representatives of foreign nations have asked for plans of the fittings with a view of improving their transports. General Ludington says: "In view of the experience of the department in its futile efforts to secure suitable commercial ships for transportation of armies during the war with Spain, and the further fact that when withdrawn from active service transports cannot be advantageously disposed of by sale, I am firmly convinced, even though circumstances permit the withdrawal of transports from the regular line of service to the Philippine Islands, it would be a wise policy to retain a sufficient number of transports as a part of the equipment of army to be economically cared for and kept in such condition as to be promptly available in any emergency which may arise requiring transportation of troops on the ocean."

CLAIMED BY BOTH.

Each Party in Oklahoma Asserts It Has Elected the Delegate.

Guthrie, Okla., Nov. 7.—There is a bitter struggle for the election in Oklahoma of a delegate to congress. The result is still in doubt, with the complete returns from the west and southwest counties yet to be received. The Republicans claim McGuire's election by 1000 and the Democrats claim the election of Cross by 1400. Returns come in very slowly. Both parties concede the Oklahoma senate to the Republicans by one majority, while both claim the house, the Republicans by two and the Democrats by four.

County Ticket Elected.

Santa Fe, N. M., Nov. 7.—The Republican county tickets were elected in all but six counties in New Mexico. The territorial legislature will be made up as follows: council 11, possibly 12 Republicans and possibly 1 Democrat, house 21 Republicans, 3 democrats.

Lady Re-Elected.

Dever, Nov. 7.—Revised returns show that one candidate on the Democratic state ticket was successful, Mrs. Helen Grenfelt being re-elected superintendent of public instruction by a plurality of 2400.

Utah Legislature Republican.

Salt Lake City, Nov. 7.—Practically complete returns from every county in the state show larger pluralities for the Republican candidates than were indicated by earlier returns. The legislature is Republican on joint ballot.

Danish Minister Called.

Washington, Nov. 7.—The Danish minister, Mr. Brun, called at the state department Thursday and with secretary Hay signed an additional article to the reciprocity treaty relative to the Danish West Indian island of St. Croix extending for one year from Nov. 19, the period of time allowed for the ratification of the document.

Miles Back at Manila.

Manila, Nov. 7.—Lieutenant General Miles has returned here from Dagupan, where he inspected the proposed sites for permanent posts on the Northern railway. A delegation of former insurgent officers headed by General Malvar, called on General Miles Thursday.

Charter Secured.

Guthrie, Okla., Nov. 7.—New York and New Jersey men have secured a charter for the Indian Territory Illuminating company to sink oil and gas wells in the Osage Indian reservation. The capital stock is placed at \$3,000,000.

Mother and Daughter Killed.

Franklin, Tenn., Nov. 7.—Mrs. John P. Owens and daughter were struck and instantly killed by the Louisville and Nashville fast mail while trying to cross the track south of Mallory. The body of the girl was carried about 500 yards on the pilot and her head was crushed into a pulp.

Made an Assignment.

Cleburne, Tex., Nov. 7.—James M. Gray, agricultural implement machinery and vehicle dealer, has made an assignment for the benefit of his creditors. The liabilities are about \$10,000. Assets will cover all indebtedness.

Will Await the Count.

New York, Nov. 7.—Chairman Dunn of the Republican state committee said that although the Republicans had conceded the election of Judge Gray to the court of appeals, they are waiting for the count before giving up the attorney generalship.

Motion to Dismiss Denied.

New York, Nov. 7.—A motion to dismiss 20 indictments still hanging over Wm. F. Miller, who is serving a 10-year sentence in Sing Sing for swindling in connection with his 520 per cent syndicate, has been denied by Judge Aspinwall in Brooklyn.

WILSON & JENKINS.

THE DAILY EAGLE.

Entered at the postoffice as second Class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c. - - Per Month, 40c.

Frank Campbell, New York Democratic chairman, says they didn't get a fair fight. Wonder what he was expecting.

The Nebraska anti-trust law exempting laboring men from its provisions has been declared valid although it was attacked on the grounds of the above exemption.

The democracy of Texas evidently favored the amendment, and the combined opposition of all the little aggregations of agitators and dissenters made a very small showing.

The only successful candidate on the Colorado democratic state ticket was a woman, Mrs. Helen L. Grenfelt. Some of the other democratic aspirants in that state are now regretting that they didn't let their wives run in place of themselves.

President Roosevelt is coming south on his lame leg to spend a couple of weeks, but will not say what his route will be, except that a bear hunt is on the program. Everybody is coming to Texas now, and it is fair to presume that the President will head this way too. He starts next Monday.

The elective offices in Texas having been filled, word now comes from Washington that there is going to be something doing right away about the federal appointments in Texas. Those who have designs upon jobs held by various present incumbents whose times are up are to be shortly whistled up and invited to the center of the ring.

Some say Roosevelt did it, and some say that this thing and that thing did it, but Mr. Secretary Shaw knows who did it. He took the money—fifty million or more—and put it right in the hands of the boys right there on Wall street, and he knows who did it. It is a delicate matter to talk about though, so the old man keeps quiet.

Greek met Greek at Harlem river, and the Grecian from up at the forks had just a little the best of it when the tug of war was over.

TOURING TEXAS.

Chicago Business Men Given a Warm Welcome at Dallas.

Dallas, Nov. 7.—Accompanied by a committee of the Dallas Commercial club, the party of Chicagoans who are now touring the southwest arrived in Dallas Thursday afternoon via the Houston and Texas Central railway.

Immediately upon their arrival the visitors and the accompanying committee, now reinforced by a considerable gathering of business and professional men who had gathered to greet them at the union depot, boarded two new cars of the Rapid Transit railway, and guided by A. K. Bonta and E. T. Moore of the street railway systems, were taken over the whole city and its many points of interest and value pointed out.

JOCKEY HAD A SERIOUS FALL.

Cincinnati, Nov. 7.—Jockey George Piratt got an awful fall in the third race at Latonia Thursday. Piratt, who was on Lady Meddlesome, the odds on favorite, tried to get through the bunch at the club house turn and was thrown over the rail. He was picked up unconscious and sent to the hospital. His injuries are not thought to be fatal.

From Football

Paris, Tex., Nov. 7.—Homer Johnson, a well-known young man of Paris, who died Tuesday night, was reported to have died of typhoid fever. His parents are convinced that he died from internal injuries received while playing a practice game of football.

The Verdict Carelessness.

Omaha, Nov. 7.—The coroner's jury which investigated the deaths of Rev. W. C. Rabe and Miss Augusta Busch returned a verdict that death resulted from asphyxiation by gas, through carelessness.

Larger Sum for Orphans.

Waco, Nov. 7.—At a rally Thursday night of the Baptists assembled here \$15,000 was contributed for the benefit of Buckner orphans home.

Escaped on a Handcar.

Herington, Kas., Nov. 7.—Robbers blew open the safe of the Tampa State bank here and took about \$3800 in currency, escaping on a handcar.

Safes Blown Open.

Albuquerque, N. M., Nov. 7.—Burglars blew open safes in the Santa Fe railway station and Benjamin & Co., a jewelry store here. Thursday night, and secured \$2000 in money and jewelry. Edward Joyce has been arrested, some of the plunder being found in his possession.

Discontinued Acceptance.

Washington, Nov. 7.—The treasury department has discontinued the acceptance of state and municipal bonds security for government deposits. Transactions already initiated, however, will be completed.

Injuries Proved Fatal.

Houston, Nov. 7.—J. H. Miller, a real estate dealer, died in a hospital from wounds received at the hands of two rats which attacked him while he was asleep.

NOT THE MAN.

Policeman's Wife Says That Molineaux Did Not Mail the Poison.

New York, Nov. 7.—The greatest sensation in the second trial of Roland B. Molineaux, charged with the murder of Mrs. Adams, came late Thursday, when Mrs. Hanna Stephenson, the wife of a Brooklyn policeman, was called to the stand by the defense and testified positively that Molineaux was not the man who mailed the now famous poison package at the general postoffice on the evening of Dec. 23, 1898. Then the witness partly identified Harry Cornish, who was asked to stand up in court as the man whom she saw standing in front of her in the line at the postoffice and holding in his hand a package addressed to "Mr. Harry Cornish, Knickerbocker." That was all she saw. Her identification of Cornish was not positive. She said he looked very much like the man, but he hesitated before replying affirmatively when asked if she did not think he was the man.

The witness' account of her movements on the evening of Dec. 23 and her reasons for not appearing at the first trial were given in detail.

The prosecution on cross-examination brought out the fact that Mrs. Stephenson had suffered from attacks of nervous prostration within the last two years and had carefully read the details of the former trial. The questions of the assistant attorney tended to show that an effort would be made to prove insanity or delusion under hysteria. It is also probable that an effort will be made to prove an alibi for Cornish.

Other witnesses were handwriting experts, who all testified that Molineaux did not write the address on the poison package.

End in Sight.

New York, Nov. 7.—The end of the Molineux case is in sight. After introducing several witnesses the defense shortly before noon today rested. One hour later the state rested its case. The courtroom was packed with interested spectators. It was expected the judge would deliver his charge to the jury, but adjournment was taken over until Monday.

STRIKE COMMISSION.

The Members Will Reconvene at Scranton on the 14th Inst.

Philadelphia, Nov. 7.—The anthracite commissioners finished their work in good physical condition and separated in the best of spirits. They have gained much experience in the regions visited and during the interim they will look over the statistics which some of them have in their possession.

The commissioners will meet again at Scranton on Nov. 14, when the hearing of the miners' side of the case will be begun. After they have concluded their case the operators will make their defense, after which the mine workers will probably be again heard in rebuttal. From Scranton it and then go to Philadelphia and New Pottsville and sit there for a few days, and then go to Philadelphia and New York. The commissioners have no idea when they will be able to make their decision.

Between now and Nov. 14, Recorder Wright will be kept busy, preparing for the real work of the commission. He has a large amount of correspondence and other work to dispose of which will take up nearly all his time until Friday of next week. He will probably receive the answers of the coal companies to the statement of the miners case which President Mitchell of the Miners' union has filed with the commission.

NEWS IN BRIEF.

Jeff Smith was fatally shot in Lamar county, Texas.

There are over \$15,000 in the treasury of the Cherokee nation.

A bill to prevent dueling has been introduced in French senate.

Civil service commission reports a reclassification in all departments.

There were fifty conversions during the Hale revival at Texarkana, Tex.

G. W. Lane was called to his door near Shirley, Dewey county, Okla., and shot dead.

Jerry Johnson, 103 years old, the oldest man in Oklahoma, died at Oklahoma City.

Four free rural mail delivery routes will be established in Cooke county, Texas, Dec. 1.

A wagon ran over the 4-year-old daughter of Newt Deason near Vinita, I. T., killing her.

An unknown man was shot from ambush and killed while crossing Red river near Paris, Tex.

Jay Verforth, 14 years old, was run over by a train at Brownwood, Tex., and probably fatally injured.

Joseph Farrow and Marion Dunn fought with pistols on the street at Grandin, Mo. Both were killed.

The left arm of Frank Garvin was caught in a conveyor at the Corsicana cotton mill and badly lacerated.

A woman named Jennie Sanderson, 50 years old, was arrested at Denver, Colo., charged with "repeating" at the polls.

Rev. George Wilson, a noted Presbyterian clergyman and author of several religious works, died at Bloomington, Ill., aged 85 years.

Several freight cars were ditched on the International railway between Troup and Longview, Tex., and a brakeman named Crutchfield hurt.

Three shots were fired at Oscar Slay, a Nacogdoches, Tex., business man, none taking effect. Miss Maud Culby was arrested and placed under \$150 bond.

Leslie Robertson, colored, was convicted at Paducah, Ky., of insulting Miss Alma Rose, a white girl, fined \$100 and given 50 days in jail. He was convicted 30 minutes after the offense was done.

son as a high soprano in "Travata," "Sonnambula" and other works of the lighter Italian school. She married Sig. Migliara, the baritone, who was last heard in the United States with Mme. Patti. The husband and one daughter live in Italy and another daughter was here with the mother. Interment at Portsmouth, N. H.

Against Increase of Wages.

Paris, Nov. 7.—The government arbitrators have announced their decision against the increasing of wages of the striking miners in the Department of de Nord. The grounds of the decision are similar to those of the Pas de Calais arbitration, namely, rates are proportionate to the selling price of coal. Large companies in de Nord have agreed to establish pensions for a term of five years.

At Lyons there was a clash between strikers and the cavalry, the former throwing bricks at the soldiers. Gendarmes who intervened were also assaulted with bricks. One soldier was injured and three arrests made.

Owner and Editor Go to Jail.

Dublin, Nov. 7.—Mrs. Annie O'Mahoney, the woman imprisoned under the Crimes Act during the present campaign, was arrested at Waterford and sent to jail, where she will undergo a two months' sentence. Mrs. O'Mahoney, who is owner of the Waterford Star, refused to furnish the ball to guarantee she would cease the publication of boycotting notices. H. P. Tyman, editor of the same paper, was also arrested and sent to jail for a similar term.

Sure Source of Wealth.

New York, Nov. 7.—Lord Milner, British high commissioner to South Africa, is quoted by the Standard, cables the Tribune's London correspondent, as expressing the conviction that in their coal and iron deposits and in their agricultural development England's colonies will find a surer source of wealth than in the speculative riches of gold reefs and diamond fields.

Wilson, Democrat, Elected.

Phoenix, Ariz., Nov. 7.—The election of Wilson, Democrat, for delegate to Congress is conceded. Figures showing the majority are not given, but probably it will be less than 500.

WRIGHT'S REPORT.

Greatest Need of the Indian Territory is Educational Facilities.

Washington, Nov. 7.—The annual report of J. George Wright, United States Indian inspector of the Indian Territory, says that the greatest need of the Territory now is educational facilities for citizens. The report calls attention to the need for some legislation requiring deeds, mortgages, etc., to be recorded and recommends against preservation of game. According to the report, the complicated condition of affairs in the Indian territory will necessarily continue until the present work of allowing lands and disposing of town lots is completed and the various tribal governments with their laws are extinguished.

Report Incorrect.

Willemstad, Curaçao, Nov. 7.—The report of a great victory over the insurgents spread by the government of Venezuela was incorrect. The priests refused to ring the bells of the churches in celebration of the alleged defeat of the Matos forces and the police were compelled to ring them. The revolutionary army simply withdrew from San Mateo and on Friday last passed through Villa de Cura, going towards Cua, which commands the road to Los Teques, where 2000 revolutionists are now engaging a government force which protected the executive of Venezuela whose whereabouts are now unknown.

Relations Made Public.

Berlin, Nov. 7.—The relations of Baron Burchard von Muenchhausen with the so-called marriage syndicate which financed his journey to the United States in 1898 to obtain a rich wife, has been made public through a prosecution for black mail brought by the baron against Hermann Pincus, Moritz Hendeissohn and Adolf Menelisssohn, tradesmen who were members of the syndicate. The trial has just come to its close.

Baron von Muenchhausen is a member of a famous German family which dates from 1587.

The defendants were acquitted.

Trouble Feared.

Paris, Tex., Nov. 7.—Parties who came in from Tuscaloosa report that serious trouble is threatened at the Choctaw capital.

When Governor Green McCurtain was called to Washington three or four days ago he left six light horsemen to guard the building. Adherents of the Hunter faction have been entering Tuscaloosa since Sunday and large numbers were there Thursday. Ex-Governor Dukes was among the number.

Much Jewelry Stolen.

Marshall, Tex., Nov. 7.—The drug and jewelry store of W. E. Lake in this city was burglarized.

The party of robbers either secreted themselves or used false keys, as the rear door was Thursday morning found partly closed. The loss is estimated at \$15,000. The goods known to have been stolen are thirteen dozen fine gold rings, two sets with diamonds, three dozen gold watch chains and twenty-seven gold watches.

Ladrones Making Trouble.

Washington, Nov. 7.—Manila newspapers received at the war department state that the Ladrones are making more trouble than ever before in the Philippines. They occasionally dress as constabulary officers and prey upon defenseless natives. A paper says that all bona fide insurgents have returned to ways of peace and are maintaining at least a semblance of a law abiding career. To remedy the evils the constabulary is to be increased to such an extent that the lawless bands may be hunted down.

Former Prima Donna Dead.

Chicago, Nov. 7.—Mme. Ana Migliara, a former prima donna in Europe, and for 15 years a vocal teacher in Chicago, is dead of apoplexy. Mme. Migliara, whose maiden name was Anna Berd, was born in Boston 52 years ago. She went when some 17 or 18 years of age to Italy and devoted herself to the study of singing. She made her debut in opera, and won recogni-

GARDEN MAP.

An Interesting Novelty That Will Be Seen at World's Fair.

St. Louis, Nov. 7.—Space has been allotted in the western part of the World's fair grounds for a great garden map of the United States. The allotment was made upon the application of W. J. Spillman of the government department of agriculture, expert in grasses and forage plants. The map will constitute a part of the exhibit of the bureau of plant industry and will have a southern exposure well suited for the purpose. Two acres will be taken up with this map. The state lines will be marked by walkes in cinders, red gravel or some other material. In each state reservation will be shown the economic plants produced in the state and for which the state is known. The corn of Kansas, the wheat of the middle states, the cotton, tobacco and sugar cane of the southern states, the orange and pineapple of Florida, will all be shown. Those plants which do not grow in this latitude normally will be forced under glass in hot beds. Mr. Spillman says that two acres will be sufficient to carry out this plan, allowing an area 200x400 feet. This would make the state of Illinois about 75 feet long.

With this map spread out on the southern slope, in the place allotted, it would appear from the Agriculture building hill like a bird's eye view of the United States, while the visitor walking on the paths would, so far as vegetation was concerned, be traveling through the country.

INDIAN ATROCITIES.

Attack a Mine Superintendent and His Party and Kill All of Them.

Tucson, Ariz., Nov. 7.—Persons returning from San Marcial, Sonora, bring reports of crime committed by Yaqui Indians near that place. J. E. Sullivan, superintendent of the mine at Lemeza, while en route to San Marcial in company with half a dozen Mexicans, was attacked and the entire party murdered. The Indians in that vicinity have taken to the warpath and are beyond the control of the small Mexican force.

TO BECOME PARTIES.

A Large Number of Individual Coal Operators Will Accept Decision.

Washington, Nov. 7.—Col. C. D. Wright, recorder of the anthracite coal strike commission, has received a telegram saying that it is understood a large part of the individual operators in the Lackawanna and Wyoming coal regions have agreed to become parties before the commission and accept the decision. There are about seventy of these operators working smaller mines in the anthracite region.

Banqueted Bishops.

Chicago, Nov. 7.—Five hundred members of the Methodist Social union of Chicago banqueted Thursday night at the Auditorium with Bishop David H. Moore of Asia and Bishop Joseph C. Hartzell of Africa as guests of honor.

"The only solution of the eastern question," said Bishop Moore when he began his address on "The Outlook in China," "is the Christianizing of China."

Bishop Moore said that Japan, Corea and China were in a sense one.

"If Russia ever once overruns China," said he, "all the powers in the world cannot dislodge her, and the doom of China is sealed."

Bishop Hartzell spoke on "Africa."

Dam Burst.

Glenwood Springs, Colo., Nov. 7.—A report was received here of the bursting of the Denver and Rio Grande dam over the Eagle river at Pandos. The dam was built by the railroad for the purpose of making an ice pond and a considerable amount of waters was stored behind it. Dwellers in Eagle river canyon and further down the valley were notified of the breaking of the dam and fled to the hills. While it is not known whether every one was warned it is not thought any casualties will result as the river bed is deep.

Must Learn to Swim.

New York, Nov. 7.—Every student entering Yale will become an expert swimmer if he cannot advance good reasons to be excused from taking swimming lessons says a Herald dispatch from New Haven. The faculty has found that ten per cent of this year's entering class cannot swim.

A rule has been passed to permit lessons to count for the required gymnasium work and directing that students who are not proficient in this line must be instructed.

Arana on Trial.

Madrid, Nov. 7.—The trial of Sabino Arana, the leader of the Autonomist party in Basque province, charged with a congratulatory cablegram sent to President Roosevelt last spring on granting Cuba independence, began at Bilbao. The public prosecutor took the ground that Arana's telegram to the president infringed upon the integrity and dignity of Spain and demanded a sentence of eight years in prison imposed on the prisoner.

To Stamp Out Curb Trading.

New Orleans, Nov. 7.—The New Orleans cotton exchange has inaugurated a movement to stamp out curb trading. A notice was posted by the board of directors instructing the floor committee to enforce the rule which outlaws future contracts made outside of exchange hours.

Oldest Postmaster Dying.

New York, Nov. 7.—Roswell Beardsley, who was appointed postmaster at North Lansing by John Quincy Adams and who has held the office ever since, is dying, says an Itasca, N. Y., dispatch to the World. He is 93 years old, has held office 74 years and is, therefore, the oldest postmaster in the United States.
